

How to use WebDAM, Banner's digital asset management platform

On WebDAM, you can find resources like stock photos, logos, templates, and more.

WebDAM is accessible via the Brand Portal at brand.bannerhealth.com.

* Google Chrome required

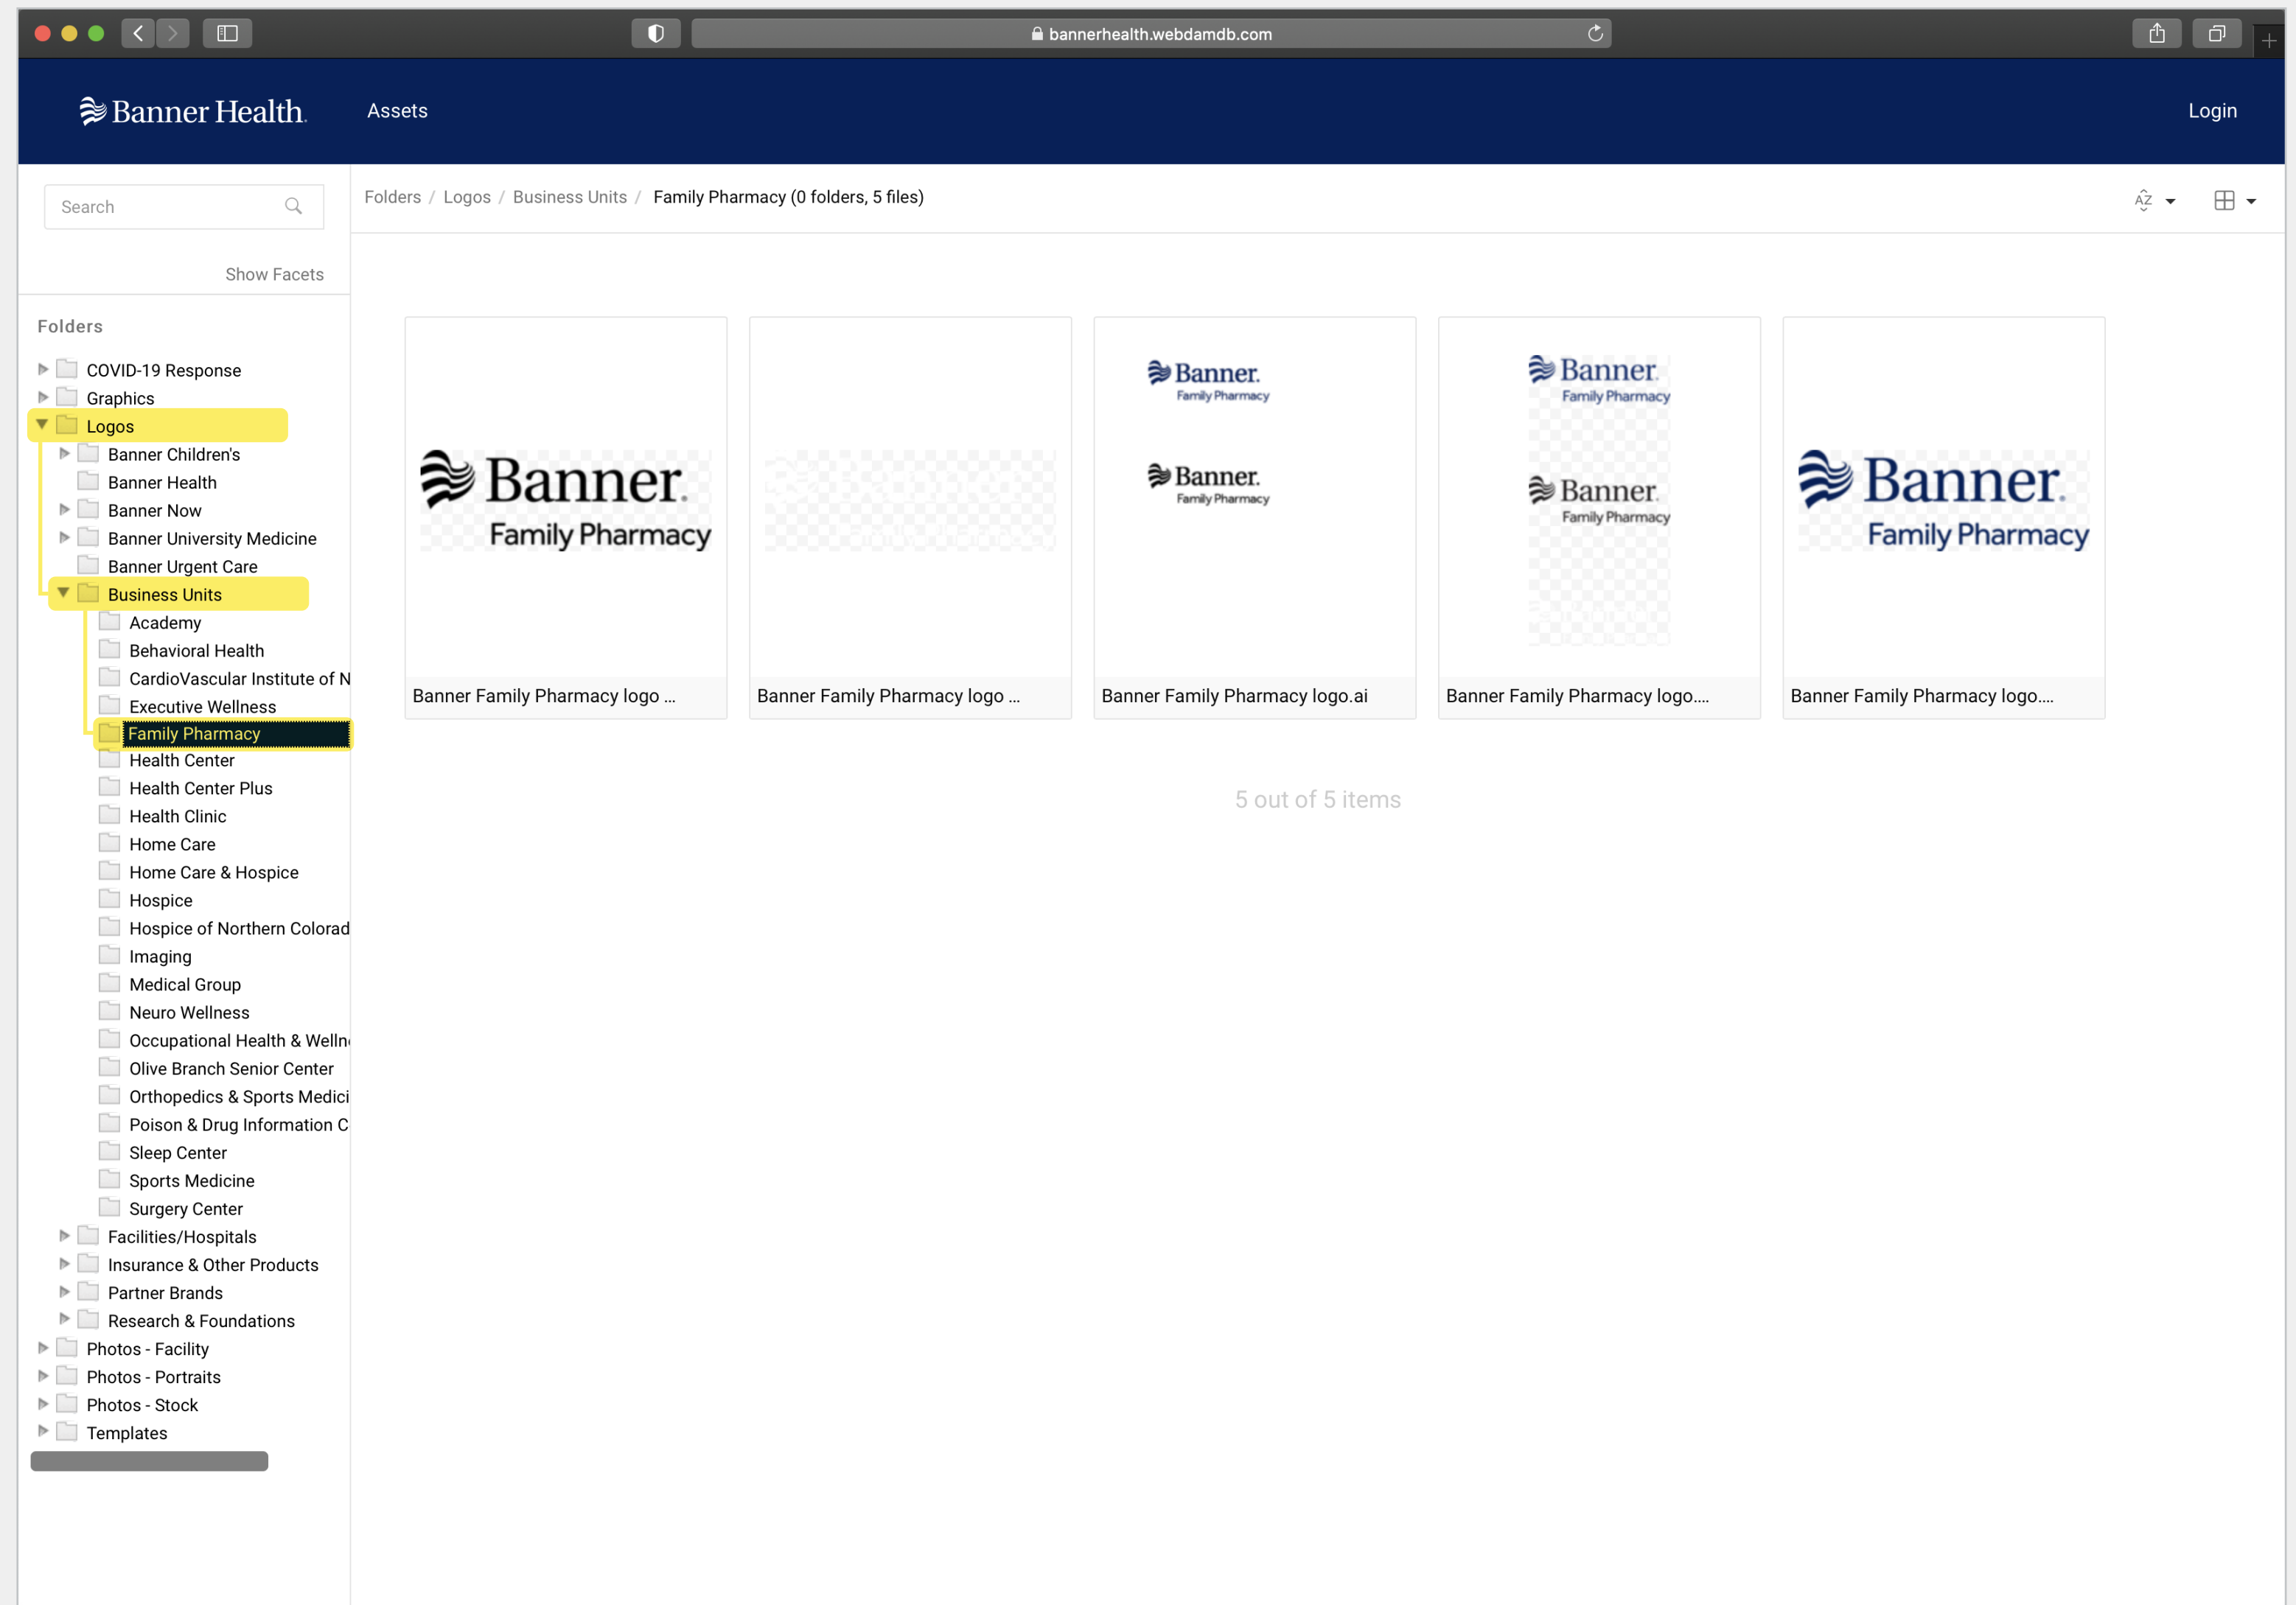

No login is necessary.

* Login required to access physician photos

Navigating WebDAM

To navigate to a specific asset, use the folder tree at the left of the page, or double click folders to open them.

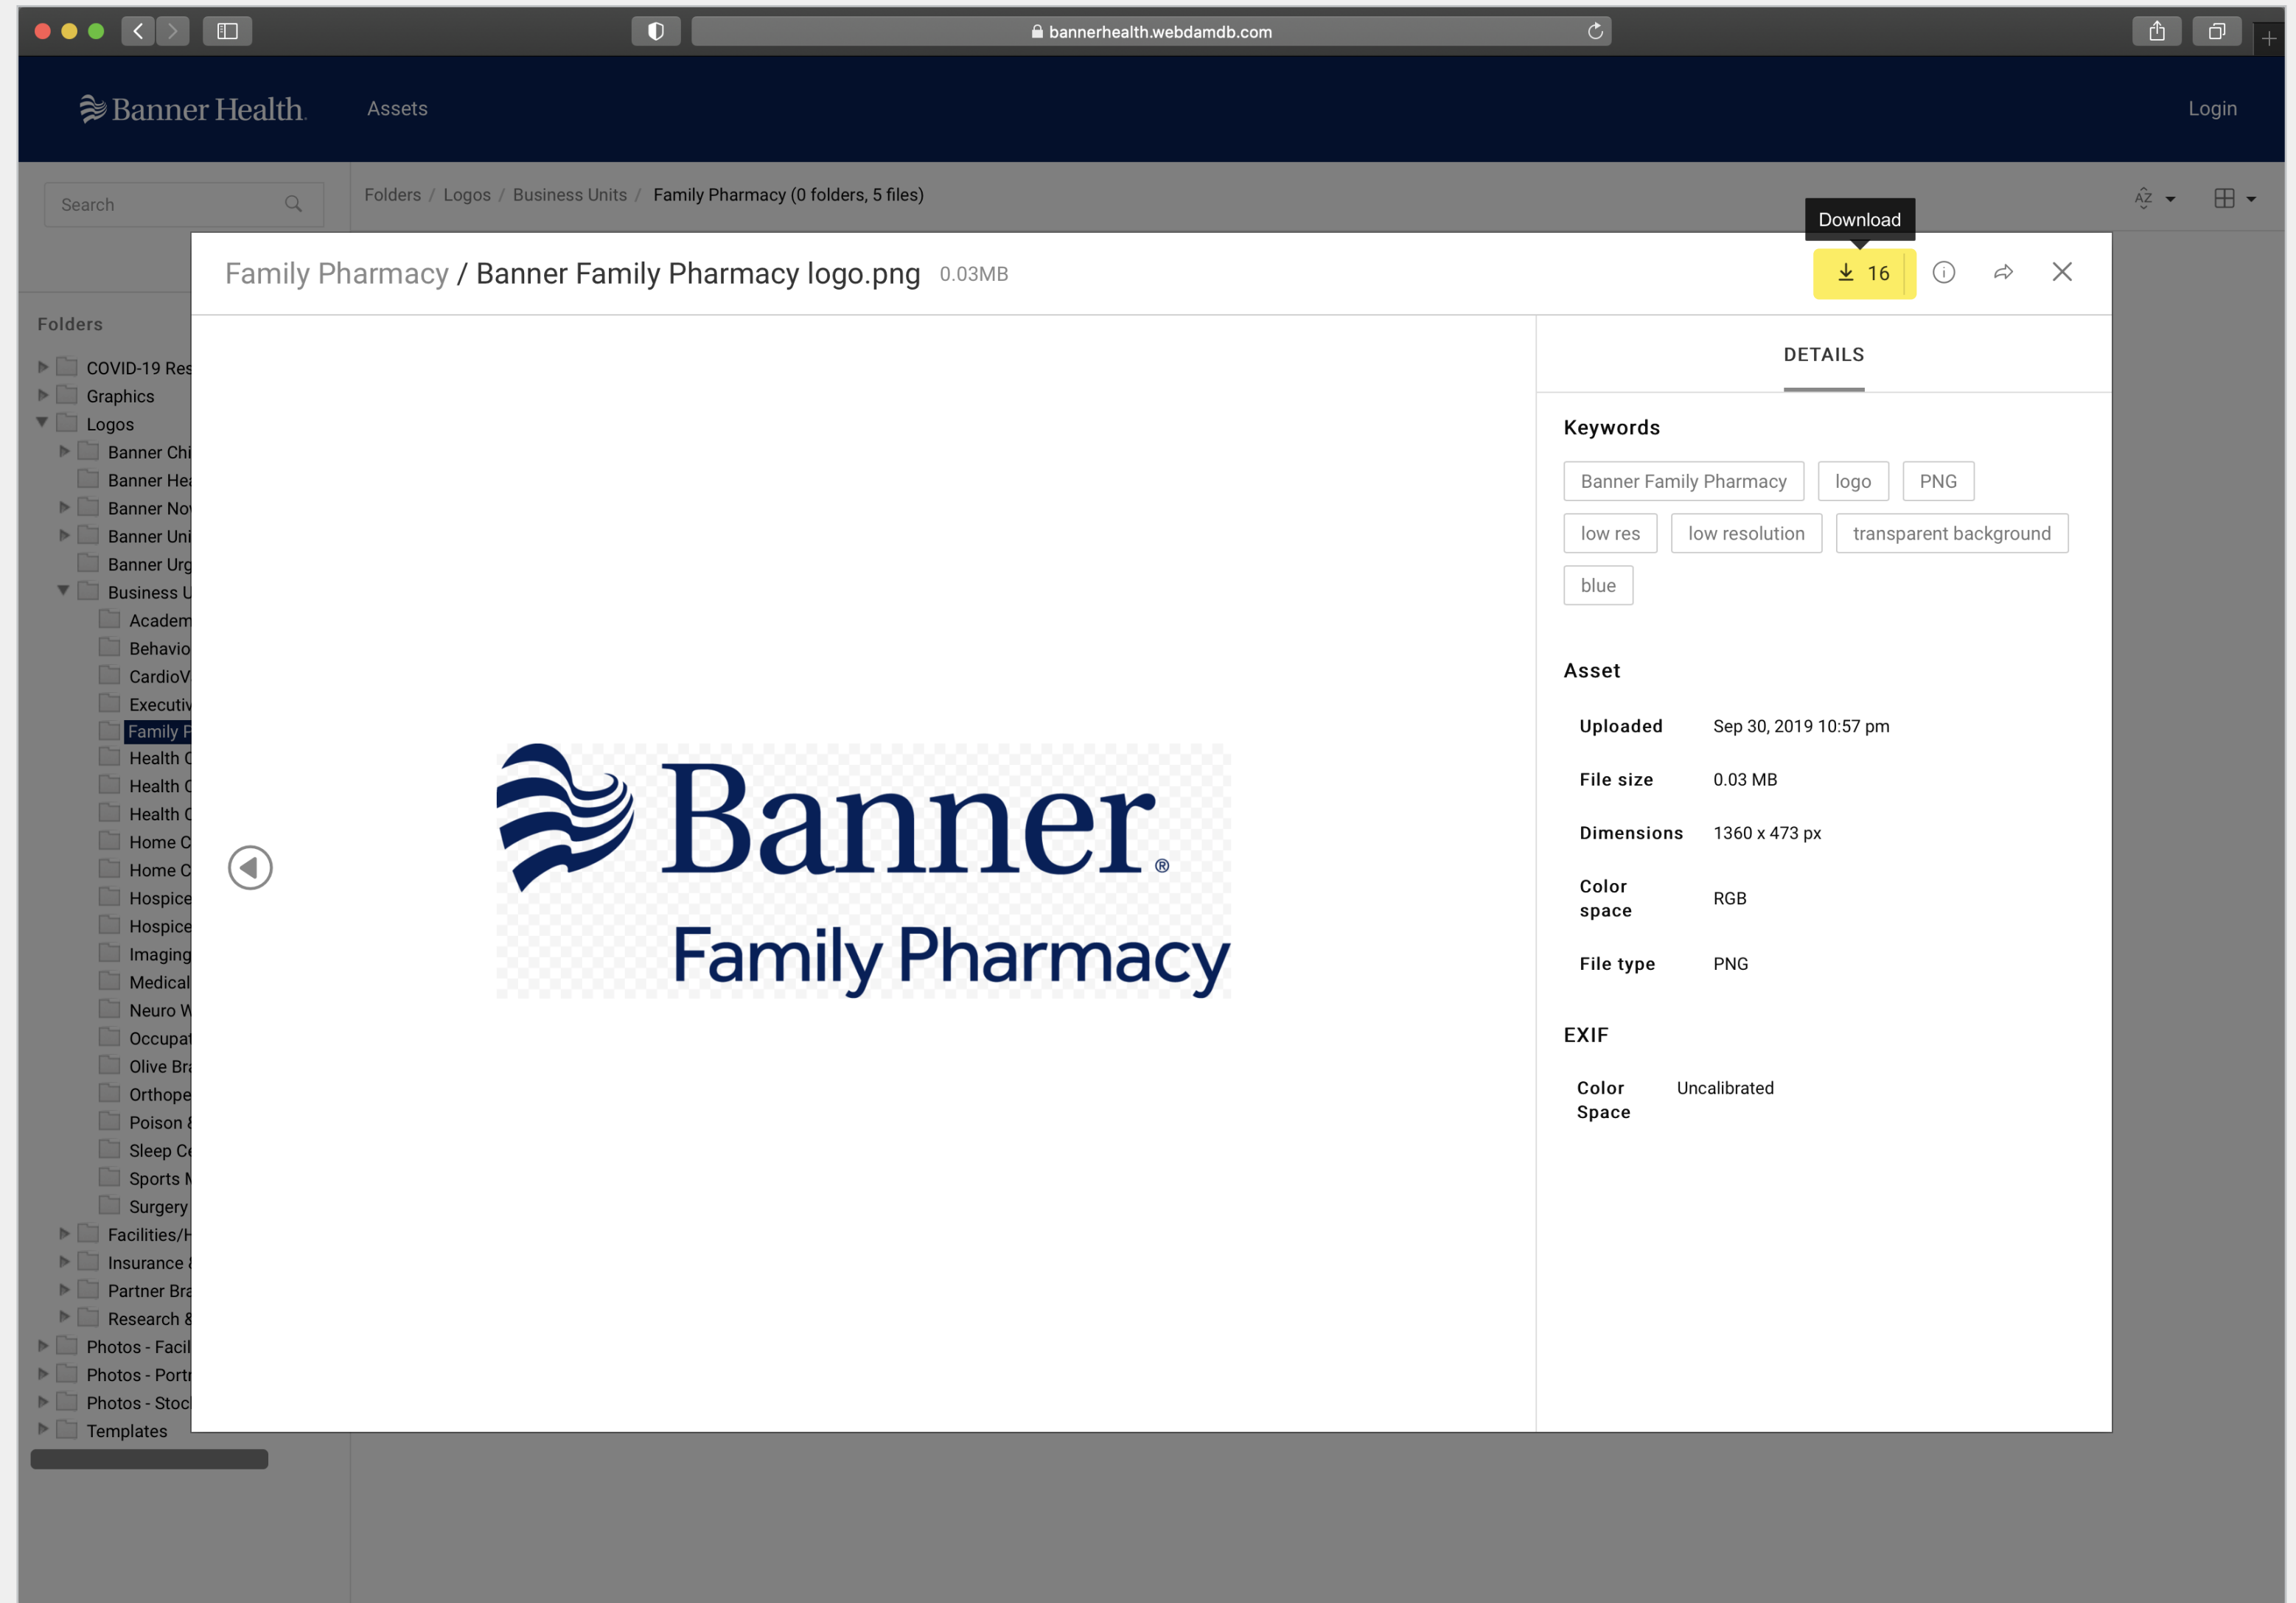

Downloading Assets

Double click a file to view its details. You can then download the file by clicking the button at the top right.

Tip:

Printers will require **.eps** versions of logos in order to print.

Search

You can also search for assets using the search field.

You can make use of terms like 'and', 'or' and 'not' to narrow your results.

The screenshot displays the Banner Health Assets search interface. At the top, the Banner Health logo and the word "Assets" are visible. A search bar contains the query "doctor AND child" with a magnifying glass icon. To the right of the search bar, there are filters for "doctor AND child" and "Folder: Banner Library", along with a "161 results" indicator. Below the search bar, a tooltip provides instructions: "Refine your search using operations like AND, OR, * and -. Learn more...". A "Folders" section on the left lists various categories, with "Banner Library" selected. The main area shows a grid of 15 image thumbnails, each with a download icon and a file name starting with "BUMCP_Patient_room_". The thumbnails depict medical professionals in a clinical setting. The interface also includes a browser window header with a "Login" button and navigation icons.

Search (cont.)

Using the search field after navigating to a specific folder will return results from within that folder. Remove the folder filter (click the 'x'), or navigate back to the homepage to conduct a site-wide search.

The screenshot displays the Banner Health Assets search interface. At the top, the Banner Health logo and 'Assets' are visible. The search bar contains the query 'doctor AND child' and shows 161 results. A filter for 'Folder: Banner Library' is active and highlighted in yellow. A tooltip provides instructions on refining searches using AND, OR, *, and -. A sidebar on the left lists folders, with 'Banner Library' selected. The main area shows a grid of 15 image thumbnails, each with a download icon and a file name starting with 'BUMCP_Patient_room_'. The thumbnails show various scenes of medical professionals interacting with patients in a clinical setting.
